  - Attentive to Detail and proper planning.
- 
- 

## RELATED WORK EXPERIENCE

### **Junior Web Designer/Developer**

Feb 2019 – July-2020

*Deerwalk*

*Kathmandu, Nepal*

- Designing the layout of the website with various front-end tools like CSS, HTML, Bootstrap, JavaScript, jQuery working with productive and positive team members.
- Manage web-projects with 3-5 developers and 1-2 senior developers.

- Developing web applications implementing Model view control architecture using Django framework.
- Working in Integrated Developments Environments like Atom and Sublime Text.
- Using the testing tools like JIRA.
- Working in quality standards with the operations like designing, coding, testing, reporting and debugging and enhancing the proper functioning website.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images and layout.
- Using version control Git to track, test and update pre-existing source code.

**Web App Development. Link:** <http://abinmuds.pythonanywhere.com/>

Aug- 2020

- Developing web applications implementing Model view control architecture using Django framework.
- IDE used Atom
- Designing the front-end with tools like HTML, CSS, Bootstrap and jQuery and the backend with Python using Django as a web framework.
- Proper debugging after designing, coding and testing using Debug toolbar of Django.
- Helped to achieve a consistent look and visual theme across the website by promoting uniform fonts, formatting, images and layout.
